

Project Sketches

Wednesday, October 22, 2025 1:19 PM

Cutscene #1

↓ walks into temple, speech box dialog

Cutscene #2

↓ inside Pyramid

↓ walks through main entrance, comments on "weird symbols". (company name, credits, etc)

Cutscene #3

Gameplay #1

tutorial section, autoscroll, basic traps

↑ player gets close and reaches for the treasure, but it somehow rejects(?) him, and he gets zapped out of existence

Stage 1: Desert wasteland

- Basic traps
 - Quicksand that will slowly engulf the player if they are not quick enough
 - Surprise spike pits (show with triggered example, ground beneath is

'decayed'

- Keystone locations
 - Starting area
 - Obstacle/Parkour rooms
 - Blocked areas
 1. Rooms with consistent falling spikes/snakes/rocks/etc
 - a) Serves as a zone the player does not have access to yet. When they get access it will take them to the next stage
 2. Puzzle rooms
 - a) Player needs to solve puzzles
 - 'Hidden room' with the KEY TOOL (name tbd)
 - The item that will allow the player to perceive objects that was not there previously
 - Blocked area #1: Using the tool will summon a platform that will block debris falling down
 - ◆ On a timer, platform will be destroyed if not quick

- Lasso Mechanic: Upon using the item to reveal the hidden objects, the player can then use a lasso to move the objects to a predetermined location
 -
